Finley Community Center  
Willow Room  
2060 West College Avenue, Santa Rosa, CA 95401

### **Training Overview**

CASQA is sponsoring Trash Full Capture Equivalency and On-Land Visual Trash Assessment (OVTA) Trainings for municipalities and non-traditional MS4s as they prepare to meet the requirements of the Trash Amendments. Over the next several months, four 2-day trainings will be held throughout California in Ontario, San Luis Obispo, Rancho Cordova, and Santa Rosa\* (pending confirmation).

**Module 1:** Includes both a classroom and field component with a focus on the process of conducting OVTAs on streets/sidewalks and land areas such as parking lots. This module is tailored for staff managing the assessment program and/or conducting field assessments.

**Module 2:** A classroom training, focused on (1) using OVTA results to develop baseline trash generation maps, (2) designing, developing, and implementing an OVTA program, and (3) calculating load generations associated with full capture systems and other trash control actions.

### **Registration**

Each module is limited to 30 attendees. CASQA Members will receive priority registration (first-come, first-served). If space remains available, registration will be opened to non-members. Register [here](#). Registration fee includes lunch.

**CASQA Members:** \$295 / 2-day training  
**Non-Members:** \$660 / 2-day training
