3. Minutes – Approval of October 2024 Meeting

Sonia Delgado approved; Caleb Smith seconded.

4. NPDES Phase II Permit –

CASQA is waiting on the State to process the comments received on October 4th, 2024. The group discussed Phase II permit holders holding facility inspections for general permits.

5. SJVSWQP Partnership for Public Outreach/Education

- a. Per Manny, the Stormwater radio ad can be run in June and September at the same price. The script for the previous ad was included in the agenda before the meeting. The script can be changed if needed. Manny will do research to see if the June and September ad scripts can be different. Heather Fernandez suggested voting on the final script.
- b. The group spoke about having outside voices speak at the start of meetings on a quarterly basis, or as available. Kathy Grant suggested having Steven Clark or Mike Wakeman speak.

6. 2025 Proposed Activities

Meeting Minutes

Jonah Sonner suggested focusing on stocking the CASQA website with outreach materials. Sonia Delgado will be sending the current outline for the updated website.

7. 2025 Municipal and Contractor Training – Subcommittee update on venue and topic of training

The training will still be held in Manteca. Dagmara Saini suggested that Phase II permit holders review their outreach requirements, and the outreach team will look for individuals or companies that can focus on these requirements.

8. New Business

Jonah Sonner will be looking into updating the Multi-Agency Post-Construction Stormwater Manual with full hydromodification requirement exceptions for tidally influenced waters. This manual is also used by Lodi, Manteca Patterson, Tracy, and San Joaquin County.

Meeting adjourned at 10:56
